Amatite ROOFING

NOTHING FOR NECESSITIES—NOTHING FOR REPAIRS

When you buy Amatite everything is included in the FIRST COST. There is no cost for EXTRAS, because we furnish nails and cement for laps free with every roll.

There is no MAINTENANCE cost, because its mineral surface makes painting and coating absolutely unnecessary.

There is no REPAIR COST, because Amatite is so constructed that it needs no attention after it is once laid on the roof.

There is no LABOR cost, because Amatite is so easy to lay that you can do the work yourself.

The first cost is the only cost—THE FINAL COST.

Amatite is the only Ready Roofing embodying every good point that a roof should possess.

Heat and cold, rain and snow, acids and chemicals do not affect it, and in addition to this its mineral surface makes it one of the best fire-retardants known. It is roofing at its best.

Free Sample A Booklet telling more about it and a Free Sample will be sent upon request. Send at once and see for yourself how much better Amatite is than the "paint me every two years or leak" roofings.
