Loftis Bros. & Co. Dept. 4180, 92 State St., Chicago, Ill.

**BUILD YOUR OWN BOAT**

**BROOKS SYSTEM**

OF FULL SIZE PATTERNS AND ILLUSTRATED INSTRUCTIONS

You need no tool experience—no previous knowledge of boats. Our big free catalog gives hundreds of testimonials—tells how a profitable boat building business may be established. Send for it.

We sell knock-down frames with patterns to finish for less than it costs others to manufacture.

21,811 inexperienced people built boats by the Brooks System last year. Why not you?

Satisfaction Guaranteed or Money Refunded.

**BROOKS BOAT MFG. CO.** **BROOKS SYSTEM**

407 SHIP ST. SAGINAW MICH. U.S.A.

**KNOCK DOWN FURNITURE**

You Save 3-4 the Cost

Why putting together a well finished set at home. We furnish the Art and Design designs—heavy solid oak—every piece fitted and smoothed—includes stain and fastenings. You save 1-2 manufacturing cost—2-3 the freight and all dealers' profits.

Send trial order for this \$4.00 chair. Bottom cushion cover of leatherette, \$1.50. Particulars of other pieces sent on request.

Every reader of the SCIENTIFIC AMERICAN should also be a reader of

**Technical Literature**

A Monthly Review of Current Technical Publications

a large 64-page illustrated journal giving its readers, in more or less condensed form, the BEST literary material of general interest appearing in the current technical publications of America and Europe, as well as much valuable information found in daily papers, trade pamphlets, society proceedings, speeches and lectures, etc. The

"Index to Articles in Current Technical Periodicals" gives a classified descriptive listing of all the articles of importance appearing in the current technical press, brought down to the first of the month of issue.

"An indispensable publication for engineers and other technical men, and one of the most instructive ever published for general readers who wish to keep in touch with modern industrial progress."

**SUBSCRIPTION RATES**  
\$2.00 a Year. Single Copies, 20 Cents

Special Offers to Readers of the Scientific American.—As a trial subscription we will send you **TECHNICAL LITERATURE** for two months for 25 CENTS with a low rate in combination with a special Premium Book Offer for the continuance of the subscription.

Send your quarter to-day and get the current numbers.

**TECHNICAL LITERATURE, 19S, 220 Broadway, New York**

**SENSITIVE LABORATORY BALANCE**

By N. Monroe Hopkins. This "built-up" laboratory balance will weigh up to one pound and will turn with a quarter of a postage stamp. The balance can be made by any amateur skilled in the use of tools, and it will work as well as a \$125 balance. The article is accompanied by detailed working drawings showing various stages of the work. This article is contained in **SCIENTIFIC AMERICAN SUPPLEMENT No. 1184**. Price 10 cents. For sale by **MUNN & Co.**, 361 Broadway, New York City, or any bookseller or newsdealer.

A printed copy of the specification and drawing of any patent in the foregoing list, or any patent in print issued since 1863, will be furnished from this office for 10 cents, provided the name and number of the patent desired and the date be given. Address Munn & Co., 361 Broadway, New York.

Canadian patents may now be obtained by the inventors for any of the inventions named in the foregoing list. For terms and further particulars address Munn & Co., 361 Broadway, New York.

**WINCHESTER**

**RIFLES ARE ABOVE COMPARISON**

Winchester rifles of all models are constructed of such high grade materials and with such care and precision that they are above comparison. They shoot accurately, are positive and certain in action, graceful in outline, easy to operate, and, considering their many other good qualities, ridiculously low in price. They are made in all desirable calibers, weights and styles.
