ALWAYS EASY

Every reader of the SCIENTIFIC AMERICAN should also be a reader of

Technical Literature

A Monthly Review of Current Technical Publications

a large 64-page illustrated journal giving its readers, in more or less condensed form, the BEST literary material of general interest appearing in the current technical publications of America and Europe, as well as much valuable information found in daily papers, trade pamphlets, society proceedings, speeches and lectures, etc. The

"Index to Articles in Current Technical Periodicals" gives a classified descriptive listing of all the articles of importance appearing in the current technical press, brought down to the first of the month of issue.

"An indispensable publication for engineers and other technical men, and one of the most instructive ever published for general readers who wish to keep in touch with modern industrial progress."

SUBSCRIPTION RATES
\$2.00 a Year. Single Copies, - - 20 Cents

Special Offers to Readers of the Scientific American.—As a trial subscription we will send you TECHNICAL LITERATURE for two months for 25 CENTS with a low rate in combination with a special Premium Book Offer for the continuance of the subscription.

Send your quarter to-day and get the current numbers.

A printed copy of the specification and drawing of any patent in the foregoing list, or any patent in print issued since 1863, will be furnished from this office for 10 cents, provided the name and number of the patent desired and the date be given. Address Munn & Co., 361 Broadway, New York.

Canadian patents may now be obtained by the inventors for any of the inventions named in the foregoing list. For terms and further particulars address Munn & Co., 361 Broadway, New York.

FLOORS

ROOFS

NOTE CONTINUOUS BOND

IF YOU ARE INTERESTED IN FIREPROOF CONSTRUCTION, YOU SHOULD HAVE THESE TWO CATALOGS

The *Clinton Fireproofing Catalog* is a handbook on the latest methods of fireproof construction. It describes in detail the *Clinton Fireproofing System—the System with the Continuous Bond*—of which *Clinton Welded Wire* forms the integral part. It contains complete specifications, illustrated by working drawings and photographs, for installing *Clinton Welded Wire*.

"*Clinton Wire Lath*" is a practical and authoritative treatise on lathing and plastering, illustrated by working drawings and photographs.

A building is no more unburnable than its most combustible constituent. A building in which the plaster rests on a foundation of *Clinton Wire Lath* and the floors and roof of which are constructed according to the *Clinton Fireproofing System—the System with the Continuous Bond*—is fireproof in its most vital essentials.

Either one or both of the above publications will be sent free on request.

SEALED PROPOSALS.

PROPOSALS FOR PLUMBING AND CONCRETE WORK. Office of the Constructing Quartermaster, Fort Bliss, Texas, June 1st, 1907. Sealed proposals in duplicate will be received at this office, until 12 M. o'clock, July 1st, 1907, and then opened for alterations in two Lavatory Buildings, at this Post. Alterations consist of removing present fixtures, relaying concrete floors, and furnishing and installing Plumbing and Heating fixtures. Applications for plans should be accompanied by a signed receipt to insure the safe return of the same and should be addressed to "The Constructing Quartermaster, Fort Bliss, Texas."

UNIVERSITY OF MANITOBA.

Professor and Lecturer Wanted.

Applications accompanied by eight printed or type-written copies of testimonials, addressed to the undersigned at the University of Manitoba, Winnipeg, Canada, and marked "Application for professor-ship" or "Application for lecture-ship," as the case may be, will be received up to July 10, 1907, for the following positions in the University of Manitoba: *Professor for the Chair of Civil Engineering*, salary \$2,500 per annum (with permission to engage in such private practice as will not interfere with his duties to the University), duties to commence September 1, 1907. *Lecturer in Mathematics*, salary \$1,500 per annum, duties to commence October 1, 1907.

FRANK ALLEN,
Secretary of Committee Chair of Engineering.

How to Build a 5 H. P. Gas Engine at Home

In SCIENTIFIC AMERICAN SUPPLEMENTS 1641 and 1642, E. F. Lake describes simply and thoroughly how a five horse power gas engine can be built at home. Complete working drawings are published, with exact dimensions of each part. Price by mail for the two Supplements, 20 cents.
