## Manufacturers!

.Portsmouth,Virginia\_ Pertsmeuth effers unequalled advantages for the profitable operation of almost any manufacturing industry. It is the natural gateway between the resources and markets of the North and South, drawing from and catering alike to both. Cheap fuel at the very door, an abundance of reliable labor and an inexhaustible supply of raw material. Nine lines of railway and a score of lines of water transpertation assure exceptionally low freight rates. A delightfully even climate, pure water, good schools, good health and beautiful homes.

Splendid factory sites and business opportunities are now available. Valuable assistance will begiven investigators. Full particulars or request. Address 1.1 VARATIEN Secretary Postsmouth. Viscous

I. T. VAN PATTEN, SECRETARY, PORTSMOUTH, VIRGINIA.

#### **How to Construct** An Independent Interrupter

In Scientific American Supplement, 1615, A. Frederick Collins describes fully and clearly with the help of good drawings how an independent multiple interrupter may be constructed for a large induction coil.

This article should be read in connection with Mr. Collins' article in SCIENTIFIC AMERICAN SUPPLEMENT. 1605. "How to Construct a 100-Mile Wireless Telegraph Outfit." Each Supplement costs 10 cents; 20 cents for the two. Order from your newsdealer or from

MUNN & CO., 361 Broadway, New York

Yerk.

Canadian patents may new be obtained by the inventers for any of the inventions named in the foregoing list. For terms and further particulars address Munn & Co., 361 Broadway, New York.

That is just where Amatite roofing should be—on top of all your buildings, keeping them free from leaks year

after year.
For all-around service and durability, it is unapproached by any other. It is built of materials that have been tried and tested under every possible weather condition; — each part is tested—the whole is tested before it goes to you.

Is that done with shingles, tin or ordinary ready roofings? How many bad shingles do you find in a bundle? How often do you have to paint or coat the smooth ready roofings to keep them tight?

Think about these things-and when you need a new roof, you'll buy Amatite-the roofing with a real mineral surface, which does away with painting and repairs.

When you once cover your buildings with Amatite, you have no further trouble or expense.

Any one can lay it—no skilled labor

required.

FREE SAMPLE

Let us send you a Free Sample and you'll see at once how much better it is than the ordinary roofing. A postal card will bring it.
