

POWER REQUISITES

Get the engine that runs reliably, requires least attention and is a dependable starter.

I. H. C. GASOLINE ENGINES

meet the requirements. They are especially adapted to all mechanical purposes—a style and size for every service.

Vertical, 2, 3 and 25-H. P. Horizontal, (portable and stationary) 4, 6, 8, 10, 12, 15 and 20-H. P. Air Cooled, 1 and 2-H. P. Call on I. H. C. Agents or write for catalog. INTERNATIONAL HARVESTER CO. OF AMERICA (Incorporated) 15 Harvester Bldg., Chicago, U. S. A.

IF You Knew

what our engine would save you in time—work—money—you'd find out now about our big 30-day Free Trial Offer on the Waterloo Boy

the 5-year guaranteed gasoline engine. Write today for free catalogue and our big special offer. Waterloo Gasoline Engine Company Dept 19 Waterloo, Iowa.

THE "BEST" LIGHT

is a portable 100 candle power light costing only two cents per week. Makes and burns its own gas. Brighter than electricity or acetylene and cheaper than kerosene. No Dirt, No Grease, No Odor. Over 100 styles. Lighted instantly with a match. Every lamp warranted. Agents Wanted Everywhere. THE "BEST" LIGHT CO. 87 E. 5th St., Canton, O. Owners of Original Patent.

MOTORS FOR SALE.—Two 40 H. P. variable speed 220 volt Jenny motors. Complete with electric automatic control. Reason for selling, too small. Adapted especially for printing press work or heavy machinery. Address Purchasing Agent, Post-Dispatch, St. Louis, Mo.

NEW SAFETY AIR COMPRESSOR For Motor Boats. Safest, Best, Cheapest. Lest ye forget, write now to CHAS. H. MARTIN, Manufacturer, NORWOOD, N. Y.

Butterfield & Co. DERBYLINE, VERMONT. Taps, Dies, Screw Plates, Reamers, etc. Quality Unsurpassed Reputation Established

HOW Manufacturers Can Increase Their Business. Read carefully, every week, the Classified Advertising Column in the SCIENTIFIC AMERICAN. Some week you will be likely to find an inquiry for something that you manufacture or deal in. A prompt reply may bring an order. Watch it Carefully

Westinghouse Company; and both they and the New Haven Railroad Company are to be congratulated on having overcome, in spite of many initial discouragements, the inevitable difficulties attending the execution of pioneer work, on such a vast scale and under the stress of traffic of one of the busiest four-track systems in the world.

In closing it should be mentioned that the results of operation of these two systems are claimed by the companies to have been highly satisfactory. The number of train movements in the yard has been greatly reduced, the Park Avenue tunnel has been robbed of its terrors, and even to-day, while the work of excavating the yard is in progress, the trains are being operated at this terminal with a regularity and dispatch which has never been surpassed in the early history of the road.

PATENT CAUSES

INVENTORS are invited to communicate with Munn & Co., 361 Broadway, New York, or 825 F Street, Washington, D. C., in regard to securing valid patent protection for their inventions. Trade-Marks and Copyrights registered. Design Patents and Foreign Patents secured. We undertake all Patent, Trade-Mark and Copyright Practice, both before the Patent Office and the Courts, and we have special facilities for handling infringement and other suits in Federal and State jurisdictions. A Free Opinion as to the probable patentability of an invention will be readily given to any inventor furnishing us with a model or sketch, and a brief description of the device in question. All communications are strictly confidential. Our Hand-Book on Patents will be sent free on request. Our is the Oldest agency for securing patents; it was established over sixty years ago. MUNN & CO. 361 Broadway, New York City

INDEX OF INVENTIONS

For which Letters Patent of the United States were issued for the Week Ending November 24, 1908. AND EACH BEARING THAT DATE [See note at end of list about copies of these patents.]

Table listing various inventions and their patent numbers, including: Agitating and aerating apparatus, L. C. Trent; Air brake system, angle cock, W. Bernard; Amusement device, Hamilton & Melre; Animal trap, W. Sebellin; Armor exploding projectile, A. Wratske; Ash handling apparatus, C. G. Armstrong; Atomizer, H. H. Mallory; Atomizer, invertible, T. A. De Vilbiss; Auger, J. Moo e.; Automobile canopy, E. T. Robinson; Automobile transmission gear and casing, E. J. Gulley; Automobile transmission mechanism, M. O. Reeves; Automobiles and like vehicles, generation, control, and transmission of electric energy, particularly for use on, A. H. Midgley; Autosleigh, C. W. Dennis; Axle, B. W. Berry; Bag holder, W. L. Herrick; Bagging machine, H. J. Fitch; Bandages putting up, antisepsis, J. E. Lee; Barrel packing machine, Vogt & Storck; Battery grid, Post & Morley; Bed, invalid's, E. A. Wible; Bedstead corner fastening, G. A. Carlson; Belt fastener, J. H. Woollicroft; Belt thrower, D. A. Roderick; Beverages, making fermented, M. Wallerstein; Binder, loose leaf, O. Kellner, Jr.; Bit brace, J. P. Bartholomew; Blower, H. E. Pearson; Blowing engine and the like, C. N. Scott; Book, loose leaf, H. E. Hawkins; Bottle case or crate, S. Becker; Bottle corking machine, Schlosser & Fisher; Bottle or other receptacle and stopper or cover for such receptacles, H. Marles; Bottle stoppering machine, W. S. Dorman; Box saw guide, miter, C. H. Fox; Brake, Miller & Brennan; Brake, S. J. Oaker; Brake indicator, air, O. E. Snyder; Brake mechanism, F. H. Osborn; Brake setting mechanism, W. A. Rideout, Sr.; Bread cutter, E. Anderson; Brick kiln, W. Kenne; Brick yard dump, C. J. Anderson; Brush, J. Nelson; Buckle, C. Meinhardt; Buckle, back band, E. C. Eldridge; Buckle, cross line, E. M. Dry; Building block and wall constructed thereof, W. T. Wightman; Building block mold, W. A. Boeck; Building construction, fireproof, G. C. Escher; Burnishing machine, heel, J. O'Connell; Button fastener, M. S. Mason; Button, tufting, P. Colgan; Buttonhole finishing machine, F. A. Read; Cabinet, bin, C. F. Kurr; Cabinet, lace, R. W. Irish; Cable connector, J. D. Firmin; Circulating machine operating device, W. H. Pike, Jr.; Calliper gage, inside, Starrett & Adell; Camera stand, J. A. H. Hatt; Candle, sulfur, C. Stoddart; Candlestick, W. Stephens; Candy machine, G. H. Laughlin; Canned goods, apparatus for processing, R. B. Folk; Car, S. Otis, reissue; Car and other axles, for journal bearing, J. E. Muhlfield; Car and other axles, for journal bearing, Mines & Muhlfield; Car coupling, W. McConway; Car coupling, R. E. L. Janney, et al.; Car door seal, J. F. Wing, reissue; Car fender, C. Kleymeler; Car indicator, street, J. E. Anger; Car, passenger, W. S. Twining; Car, passenger, L. T. Fyatt; Car pedestal, mine, J. E. Roberts; Car, push, G. C. Wartman; Car stake, logging, J. R. Dodge.

Free Valuable and Important Scientific Books

Our new 48-page catalogue of books, just published, in which will be found complete descriptions of the following... AGRICULTURE.—The New Agriculture. By T. Byard Collins. 12mo.; 374 pages; 106 illustrations. \$2.00. ALCOHOL.—Industrial Alcohol. Its Manufacture and Uses. By John K. Brachvogel. 8vo.; 528 pages; 107 illustrations. \$4.00. AMATEUR MECHANICS.—Home Mechanics for Amateurs. By George M. Hopkins. 12mo.; 370 pages; 326 illustrations. \$1.50. AMUSEMENTS.—The Scientific American Boy. By A. Russell Bond. 12mo.; 317 pages; 340 illustrations. \$2.00. DIES.—Their Construction and Use for the Modern Working of Sheet Metals. By Joseph V. Woodworth. 8vo.; 384 pages; 505 illustrations. \$3.00. ELECTRICITY.—Electrician's Handy Book. By T. O'Conor Sloane. 761 pages; 556 illustrations. Handsomely bound in red leather, pocket-book style. \$3.50. GAS ENGINES.—Modern Gas Engines and Producer Gas Plants. By R. E. Mathot. 8vo.; 314 pages; 152 illustrations. \$2.50. GAS ENGINES.—Gas, Gasoline, and Oil Engines. Including Producer Gas Plants. By Gardner D. Hiscox. 8vo.; 442 pages; 351 illustrations. \$2.50. GAS ENGINES.—Gas Engine Construction. By H. V. A. Parsell and A. J. Weed. 8vo.; 304 pages; 145 illustrations. \$2.50. HEATING.—Practical Steam and Hot Water Heating and Ventilation. By Alfred G. King. 8vo.; 402 pages; 304 illustrations. \$3.00. HYDRAULICS.—Hydraulic Engineering. By Gardner D. Hiscox. 8vo.; 315 pages; 305 illustrations. \$4.00. INDUCTION COILS.—The Design and Construction of Induction Coils. By A. Frederick Collins. 8vo.; 290 pages; 140 illustrations. \$3.00. LATHES.—Modern American Lathe Practice. By Oscar E. Perrigo. 8vo.; 424 pages; 314 illustrations. \$2.50. MAGIC.—Magic, Stage Illusions, and Scientific Diversions. Including Trick Photography. Compiled and edited by Albert A. Hopkins. 8vo.; 568 pages; 420 illustrations. \$2.50. MECHANICAL MOVEMENTS.—Mechanical Movements, Powers, and Devices. By Gardner D. Hiscox. 8vo.; 403 pages; 1,800 illustrations. \$3.00. MECHANICAL APPLIANCES.—Mechanical Appliances, Mechanical Movements, and Novelties of Construction. By Gardner D. Hiscox. 8vo.; 396 pages; 970 illustrations. \$3.00. PHYSICS.—Experimental Science. Elementary, Practical, and Experimental Physics. By George M. Hopkins. In two volumes. 8vo.; 1,105 pages; 918 illustrations. Cloth, \$5.00. Half morocco, \$7.00. PUNCHES.—Punches, Dies, and Tools for Manufacturing in Presses. By Joseph V. Woodworth. 8vo.; 483 pages; 702 illustrations. \$4.00. RECEIPTS.—The Scientific American Encyclopedia of Receipts, Notes and Queries. Edited by Albert A. Hopkins. Containing 15,000 selected formulas. 8vo.; 734 pages. Cloth, \$5.00. Sheep, \$6.50. Half morocco, \$8.50. REFERENCE BOOK.—Scientific American Reference Book. Compiled by Albert A. Hopkins and A. Russell Bond. Containing 50,000 facts. 12mo.; 516 pages; illustrated. \$1.50. STEAM ENGINE.—Modern Steam Engineering in Theory and Practice. By Gardner D. Hiscox. 8vo.; 487 pages; 405 illustrations. \$3.00. TELEPHONE.—Telephone Construction, Installation, Wiring, Operation, and Maintenance. By W. H. Radcliffe and H. C. Cushing, Jr. 16mo.; 171 pages; 125 illustrations. \$1.00. TOOLS.—American Tool Making and Interchangeable Manufacturing. By Joseph V. Woodworth. 8vo.; 535 pages; 601 illustrations. \$4.00. TOOLS.—Modern Machine Shop Tools. By W. H. Vandervoort. 8vo.; 552 pages; 673 illustrations. \$4.00. WIRING.—Electric Wiring, Diagrams and Switchboards. By Newton Harrison. 12mo.; 272 pages; 105 illustrations. \$1.50.

Any of the above books will be sent by mail or express prepaid on receipt of price. A special circular describing them sent on application. MUNN & CO., Publishers, 361 Broadway, New York

"A PUTTING-ON TOOL"

Oxy-Acetylene Cutting and Welding Torch

Welds Cast Iron

and nearly all other metals perfectly, repairs broken machinery quickly.

Welds boilers and water and steam mains in place.

Fills blow-holes and other defects in castings.

Reduces cost and improves metal construction in many instances.

Demonstration Plant
Jersey City, N. J.

Cuts Steel

rapidly in almost any form with the Oxy-Acetylene flame.

Valuable for roughing out dies, cutting steel gearing and structural work.

Cuts 15 inch I beams in three minutes.

In use by U.S. Navy and a number of the largest industrial concerns.

A Great Protection—A Great Saving

Think what the elimination of the exposure risk in this building would amount to. You can effect the same saving and decrease the cost of your own fire insurance besides gain certain fire protection by installing

Mullins Windows

Fire-Proof Storm-Proof Dust-Proof

They last as long as the building itself and are the most effective fire-proof windows made. Entirely lock-seamed metal; no soldered joints in frame, sill or sash. Their perfect construction does not admit of warping or buckling, and heat contraction or expansion does not affect them in any way.

Mullins Fire-proof Windows are manufactured under supervision of Underwriters' Laboratories Inc., according to the latest specifications of the National Board of Fire Underwriters, and every window is inspected, approved and labeled with their official label. Send for descriptive catalog.

W. H. Mullins Company, 203 Franklin Street, Salem, Ohio

ELECTRO MOTOR. SIMPLE, HOW TO MAKE.

By G. M. Hopkins. Description of a small electric motor devised and constructed with a view to assisting amateurs to make a motor which might be driven with advantage by a current derived from a battery, and which would have sufficient power to operate a foot lathe or any machine requiring not over one man power. With 11 figures. Contained in SCIENTIFIC AMERICAN SUPPLEMENT, No. 641. Price 10 cents. To be had at this office and from all newsdealers.

LEARN TO DRAW

Big money easily made. \$20 to \$10+ a week. Pleasant, refined, fascinating work for men, women, boys and girls. We guarantee proficiency or discontinue enrollment.

Illustrating, Cartooning, Commercial Designing taught by artists trained in American and European schools. Instruction adapted to each student's needs. Advisory Board of world's best artists approves lessons. Test Work Sent FREE to ascertain individual talents and needs. State course wanted. You assume no obligation. Mechanical, Architectural and Sheet Metal Pattern Drafting also taught successfully.

ACME School of Drawing, 1573 South St., Kalamazoo, Mich.

If interested, ask about The ACME Resident School in Kalamazoo.

STUDY LAW

Leading Law School in Correspondence Instruction. Established 1892.

Prepares for the bar. Three Courses: College, Post-Graduate and Business Law. Method of instruction combines theory and practice. Approved by the bench and bar.

Classes begin each month. Send for catalog giving rules for admission to the bar of the several States.

Chicago Correspondence School of Law
506 Reaper Block, Chicago

The Perfect Edge

A razor may cut a hair and yet not give a smooth shave. An edge produced by a few strokes on a Torrey Strop just before shaving not only cuts the beard smoothly but leaves the skin cool and unroughed. The secret is in the

Torrey Strops

They are better than others—the Torrey way gives the quality. Our free catalogue tells all about them. If not at dealer's, sent postpaid for 50c, 75c, \$1.00, \$1.50, \$2.00 and \$2.50. If you don't like them it's money back.

Torrey's Oil-Edge Dressing keeps any strop soft. 15c at dealer's, or by mail. Torrey Razors are the finest razors made. J. R. TORREY & CO., Dept. G, Worcester, Mass

Beaver Board

The Modern Wall and Ceiling Material Made of pure wood fibre. Light and strong. Non-conductor of cold. A sound deadener. Nails direct to studs. Takes Place of Both Lath and Plaster Eliminates unsightly wall paper. Susceptible to artistic decoration. Descriptive booklet and sample free. Write today. The Beaver Manufacturing Co., 238 Perry St., Buffalo, N. Y.

Tobacco Flavor Not Pipe Odor Turco-American Glass Pipe

Smokes cool and sweet and clean. It has two bowls. An inner one of fine meerscham, from which the smoke is drawn through vents into an outer one of tough, annealed, non-absorbent glass. Here the moisture and nicotine collect and remain. That's why only cool, clean smoke reaches the mouth—why the pipe never burns.

Every grain of tobacco burns to a white ash. No wet residue to throw away and the last whiff is as sweet as the first. Easily cleaned and leaves no offensive smell in rooms or clothes. Send for one. Smoke it a week and if not satisfied money will be refunded.

Pipe with handsome, durable case, \$2.00. Without case, \$1.50. Postpaid. State preference for straight or curved stem. Send for FREE Booklet "History of Smoking." Turco-American Pipe Co., 372 South Ave., Rochester, N. Y.

"HOW TO REMEMBER" Sent Free to Readers of this Publication Stop Forgetting You are no greater intellectually than your memory. Easy, inexpensive. Increases income; gives ready memory for faces, names, business details, studies, conversation; develops will, public speaking, personality. Send today for Free Booklet. Address DICKSON MEMORY SCHOOL, 700 Auditorium Bldg., Chicago

CLOVER LEAF ALTON 1909 BIRDLAND CALENDAR (Sequel to the Famous Fencing Girl) FOUR FLYERS Graceful poses from life; in 13 colors. Size 10x15 inches, suitable for framing. "THE ONLY WAY" to own one of these gorgeous calendars is to send 25 cents and the name of this publication to GEO. J. CHARLTON, General Passenger Agent, Toledo, St. Louis & Western and Chicago & Alton Railroads, 704 Railway Exchange, CHICAGO, ILL. CYCLOPEDIA OF CIVIL ENGINEERING

8 VOLUMES—page size 7x10 inches nearly 4,000 pages—3,000 illustrations, diagrams, plates, formulas, etc. Bound in HALF RED MOROCCO. THIS Cyclopaedia is the only complete, comprehensive and authoritative work published covering the entire field of Civil Engineering and all branches connected with it. It thoroughly covers every detail from plane surveying, plotting and topography to the most advanced work in theory, design and construction of bridges.

FREE FIVE DAY OFFER

Without deposit, we will send a set to you by prepaid express for 5 days' FREE examination if you mention the name of your employer and occupation or send business card. If you wish to keep the books, pay \$2.00 within 5 days and \$2.00 a month until you have paid the special \$24.00 price; otherwise notify us to send for them at our expense. Regular price is \$48.00.

If you order promptly, we will include FREE for one year, as a monthly supplement, the

TECHNICAL WORLD MAGAZINE A popular magazine with a technical turn containing the latest discussion on timely topics in Science, Invention, Discovery and Industry, also the best Fiction, Biography, Travel and Humor, in fact, the best of everything. Illustrated with scores of interesting photographs.

Brief List of Contents Plane Surveying—Mechanical Drawing—Plotting and Topography—Railroad Engineering—Statics—Strength of Materials—Roof Trusses and Mill Building Construction—Cost Analysis in relation to Engineering—Masonry and Reinforced Concrete—Steel Construction—Practical Problems in Construction—Bridge Engineering—Highway Construction—Hydraulics—Water Supply—Irrigation Engineering—Water Power Development—Sewers and Drains—House Drainage and Sanitation—River and Harbor Improvements. AMERICAN SCHOOL OF CORRESPONDENCE CHICAGO, U. S. A. Mention Sci. Am., 12-5-08

Running a Car by Ear

The trained ear of the experienced automobilist instantly detects the superiority of MOBIL OIL, in the even, contented "pur-r" of the engine that tells the story of perfect lubrication. No matter what the type of gasoline engine or season of the year, MOBIL OIL invariably gives perfect lubrication under all conditions.

VACUUM MOBIL OIL

is made in five different grades, each grade meeting the particular requirements of certain automobiles. A valuable booklet on motor lubrication will be sent free on application. Lists every automobile made, and shows grade of MOBIL OIL necessary for its perfect lubrication. Contains track records and other useful information. MOBIL OIL in barrels, and in cans with patent pouring spout, is sold by all dealers. Manufactured by VACUUM OIL COMPANY Rochester, N. Y.

WELL DRILLING Machines

Over 70 sizes and styles, for drilling either deep or shallow wells in any kind of soil or rock. Mounted on wheels or on sills. With engines or horse powers. Strong, simple and durable. Any mechanic can operate them easily. Send for catalog. WILLIAMS BROS., Ithaca, N. Y.

Roth Electric Motors Dynamos

Special Electric Machinery You cannot possibly do better than to use ROTH Electrical Machinery. Ask for information.

ROTH ELECTRIC MOTORS 27 So. Clinton Street Chicago, Ill.

DO YOU WANT GOOD INFORMATION CHEAP?

Write to us and we will refer you to a SCIENTIFIC AMERICAN SUPPLEMENT that will give you the very data you need. SCIENTIFIC AMERICAN SUPPLEMENT articles are written by men who stand foremost in modern science and industry. Each SCIENTIFIC AMERICAN SUPPLEMENT costs only 10 cents. But the information it contains may save you hundreds of dollars. Write for a catalogue of SUPPLEMENT articles. It costs nothing. Act on this suggestion!

PACIFIC COAST EXTENSION—CHICAGO, MILWAUKEE & ST. PAUL RAILWAY

Business Chances in New Towns

Would you make a business investment in a prosperous new territory if you were sure of success?

There are countless openings at the present time for men with limited capital in the new towns in the Dakotas, Montana, Idaho and Washington, along the **PACIFIC COAST EXTENSION** of the

Chicago Milwaukee & St. Paul Railway

This new line is now open as far west as Butte, Montana. Within the next year the entire line will be completed and in operation to Seattle and Tacoma, Washington.

Investigate the openings. The persons who locate in this new country to engage in commercial or other lines while its development is in its infancy, will be well repaid.

First and Original Motor Buggy
\$250 "SUCCESS" AUTOMOBILE

Practical, durable, economical and absolutely safe. A light, strong, steel-tired Auto-Buggy. Suitable for city or country use. Speed from 4 to 40 miles an hour. Our 1908 Model has an extra powerful engine, patent ball-bearing wheels, price, \$275. Also 10 h. p., \$400. Rubber Tires, \$25.00 extra. Write for descriptive literature. Address **SUCCESS AUTO-BUGGY MFG. CO., Inc., St. Louis, Mo.**

Don't Throw it Away Does your Granite Dish Sprinkle Water, Boil, Leak?

USE MENDETS
They mend all leaks in all utensils—tin, brass, copper, graniteware, hot water bags, etc. No solder, cement or rivet. Any one can use them; fit any surface; two million in use. Send for sample pkg. 10c. Complete pkg. assorted sizes, 25c postpaid. Agents wanted. **Collette Mfg. Co., Box 94 C Amsterdam, N. Y.**

DO YOU LIKE TO DRAW?
That's all we want to know Now, we will not give you any grand prize—or a lot of free stuff if you answer this ad. Nor do we claim to make you rich in a week. But if you are anxious to develop your talent with a successful cartoonist, so you can make money, send a copy of this picture, with 8 cents in stamps for portfolio of cartoons and sample lesson plate and let us explain.
The W. L. EVANS SCHOOL OF CARTOONING
342 Garfield Bldg., Cleveland, Ohio

A Clean Shave

Your new blades all need stropping before using. Not one in ten comes sharp enough for a clean shave. Why scrape your face with dull blades, or continue to throw away money for new ones, when the **Gaylor Automatic Strop** will resharpen all your dull blades in a few moments, giving them a hair-splitting edge better than new. The motion is automatic, no practice required, a child can use it. It is the only strop in the world that successfully sharpens double-edge blades.

PRICE \$1.00
In case with barbers' genuine Horse Hide Strap, \$2.00

Order through your dealer. Or will send postpaid on receipt of price. Be sure to state for what make of Blade. Money willingly refunded if not entirely satisfactory. Write for descriptive circular. Agents wanted.
L. B. GAYLOR, Allston, Mass.

THE INTERNAL WORK OF THE WIND. By S. P. LANGLEY. A painstaking discussion by the leading authority on Aerodynamics, of a subject of value to all interested in airships. **SCIENTIFIC AMERICAN SUPPLEMENTS 946 and 947.** Price 10 cents each, by mail. **Munn & Company, 361 Broadway, New York City,** and all newsdealers.

Patent and Manufacturing Rights

an invention for clearing clogged closets, washbowls, sinks, laundry bowls, etc. Article retails for \$4. One application prevents tearing out expensive plumbing and more than saves initial cost. Owner has other large businesses and cannot push this exclusively. Article now selling. Send for booklet and full information.
Langer Mfg. Co.

Why It Pays to Buy Sea Lion Leather Belting

First cost and maintenance cost of belts are two very different things. That's why you save money getting Sea Lion Belting. It costs you a trifle more to begin with, but it lasts enough longer to more than make up for the initial cost. If you require a belt that will stand live steam, water conditions such as leaking roofs, burning pipes or flooded basements, the trying humidity of a warm climate—in fact any of the conditions that so quickly knock out an ordinary belt—

SEA LION
Guaranteed Waterproof
Leather Belting

Is the only kind you can afford to buy. We cut it from the choicest oak tanned hides on the market—using only center stock. Every process in the making is done with utmost thoroughness and care. The laps are joined by our own process of cement under 3,000 lbs. hydraulic pressure to the square inch, so that you could tear the leather sooner than separate the joints by any tensile strain. We sell it under a guarantee equally as liberal to the user as we place on our Oak Tanned Reliance Leather Belting and that means every foot is guaranteed and that we will repair or replace any belt defective in stock or workmanship; and in addition to the above we guarantee the laps against opening up on account of either water or steam.

We are also manufacturers of Reliance, Sterling, Imperial and Dynamo brands of belting—which are just as good value for different purposes. Write us about your belt needs. We will advise you and send you a book on belting.
Chicago Belting Co.

READ THIS COLUMN CAREFULLY.—You will find inquiries for certain classes of articles numbered in consecutive order.

MUNN & CO.

BUSINESS OPPORTUNITIES.

WANTED.—Man with small capital to take charge of territory for merchandising business.

Inquiry No. 8687.—Wanted to buy motor plows.—BUSINESS BOOK FREE. Tells how you can secure the actual working plans, the money-making systems.

Inquiry No. 8735.—For parties making a still for the purpose of extracting alcohol from saw-dust.

CAPITAL WANTED to manufacture automobile and marine engine accessory of established reputation.

PATENTS FOR SALE.

FOR SALE.—Turner fireproof shutter, U.S. Patent No. 886,176. A device constructed of two thicknesses of galvanized sheet steel.

Inquiry No. 8779.—For parties manufacturing gas, gasoline, steam engines and boilers.

FOR SALE.—Patent No. 891,006.—A machine for separating ground peas from the vines.

Inquiry No. 8787.—For parties who manufacture cat-gut.

FOR SALE.—Complete shipping tag, wire or string fastening attached, always ready.

Inquiry No. 8842.—Wanted to buy annealed g.l.s.

FOREIGN PATENTS for meritorious and valuable inventions negotiated upon a contingent basis.

Inquiry No. 8844.—Wanted to buy inkstands.

PATENTS WANTED.

WANTED.—Information regarding good patent which would be money maker.

Inquiry No. 8846.—Wanted to buy an electric butcher band saw.

HELP WANTED.

LOCAL REPRESENTATIVE WANTED.—Splendid income assured right man to act as our representative after learning our business thoroughly by mail.

Inquiry No. 8847.—Wanted laundry tubs.

MEN WANTED QUICKLY by big Chicago mail order house to distribute catalogues, advertise, etc.

Inquiry No. 8848.—Wanted to buy rust proof metal for parts of wash tubs.

FOR SALE.

A GRAY IRON FOUNDRY, fully equipped and in operation, on account of the death of the managing partner, is for sale.

Inquiry No. 8849.—Wanted addresses of Canadian makers of rifle sights.

LISTS OF MANUFACTURERS.

COMPLETE LISTS of manufacturers in all lines supplied at short notice at moderate rates.

Inquiry No. 8850.—Wanted to buy machinery for making canvas gloves or mitts.

A LIST OF 1500 mining and consulting engineers on cards. A very valuable list for circularizing, etc.

Inquiry No. 8851.—Wanted to buy machine for weaving wooden lath and wire together.

MISCELLANEOUS.

UNITARIAN LITERATURE, including sermons and weekly publications, sent free on application to Miss Peck.

Inquiry No. 8852.—Wanted to buy machine for grinding soft wood refuse to a fine dust.

Inquiry No. 8853.—Wanted to buy comb cleaning machine.

Inquiry No. 8854.—Wanted to buy steel gray paint suitable for gasoline engines.

Inquiry No. 8855.—Wanted to buy machinery for grinding, washing and drying gum chicle.

Inquiry No. 8856.—Wanted to buy a feather pillow ventilator.

Inquiry No. 8857.—Wanted to buy machine to separate pecan nuts into shies and dust the dirt off.

Inquiry No. 8858.—Wanted manufacturers of mechanical novelties.

Inquiry No. 8859.—Wanted to buy fireless cookers.

Inquiry No. 8860.—Wanted to buy plant for dry cleaning.

Inquiry No. 8861.—Wanted to buy nickeloid for buttons.

Inquiry No. 8869.—Wanted to buy straw making machinery.

Inquiry No. 8870.—Wanted to buy incandescent kerosene burners.

Inquiry No. 8871.—Wanted to buy chimneyless kerosene burners.

Inquiry No. 8872.—Wanted to buy a ball nozzle pump.

Inquiry No. 8873.—Wanted to buy a portable shower bath.

Inquiry No. 8874.—For manufacturers or importers of metal known as "Kaiserium."

Inquiry No. 8875.—For makers of chain, also forged iron hinges.

Inquiry No. 8876.—Wanted to buy wood rolls 1 1/2 inches in diameter and 8 inches long, with iron journals 3/4 inch in diameter, suitable for wringers.

Inquiry No. 8877.—For manufacturers of convex glass for pictures.

Inquiry No. 8878.—For factory making paper out of peat.

Inquiry No. 8879.—For the manufacturers of steam air pumps such as are used on the Conrad steam cars.

Inquiry No. 8880.—For manufacturers of portable shower baths.

Inquiry No. 8881.—Wanted to buy about forty second-hand enclosed arc lamps for direct 6 1/2 ampere current.

Inquiry No. 8882.—Wanted to buy a second-hand 1/2 horse power, single phase induction motor 115 volt, 60 cycle.

Inquiry No. 8883.—Wanted to buy new or second-hand complete carbide of calcium plant.

Inquiry No. 8884.—Wanted to buy second-hand "Gammeter Multigraph."

A Home Made Alternating Current Motor

READ SUPPLEMENT 1688 for a good, clear article by F. E. WARD, E. E., on the making of a 1/2 horse power alternating current motor. The motor can be constructed by anyone of ordinary skill in the use of tools who has access to a screw-cutting lathe with a swing of 9 inches or more. The motor is designed to run on the 100 to 120 volt, 60-cycle, single-phase alternating current circuit, now in widespread use for the lighting of dwellings. The motor will drive a 16-inch brass fan, a small lathe, or a 50-watt dynamo for generating direct current for charging storage batteries, and in fact will do almost any kind of work that can be done by one-man power. Order from your newsdealer or from MUNN & COMPANY, 361 Broadway, New York, N. Y.

The Dean removing scale from the tube of a water tube boiler.

STOP THOSE BOILER ROOM TROUBLES

Increased fuel bills, loosened and burned-out tubes, curtailed boiler capacity are due to scale.

The Dean Boiler Tube Cleaner

removes scale from the tubes of water tube or fire tube boilers and condensers. Loosens the scale by rapid vibration. No scale too hard or tenacious for it to remove. Cleans 10 to 30 tubes an hour. Removes the soot in the same operation. Operated by steam or air. It is the one tried, proven and perfect scale remover. In use in over 8,000 plants. References in all countries. Guaranteed to pay for itself in six months' use. Write for circular No. 130.

THE WM. B. PIERCE CO.
319 Washington Street, Buffalo, N. Y.

The Dean removing scale from the tube of a return tubular boiler.

AN AUTOMATIC TOOL

Do you remember when you first learned to write with a pen? It wasn't such an easy matter. The pen point dug into the paper and caught, and scratched, and spluttered, and daubed you all up. Even today you have to be careful unless you use a "Cannon Ball." That is the new speed pen for busy people. It is made of an aluminum alloy, smooth as gold, but with the right resilience. It cannot corrode. It will not splutter. Writes on anything. Samples sent on request.

A. L. SALOMON & CO.
341 Greenwich St., New York
